

Thursday 29th September 2022 ore 14.30 – 17.30
Aula “A. Rostagni”

“Meet the private sector”

**Aimed at all students of the
Department of Physics and Astronomy**

The event aims to present what a physicist / astronomer / materials scientist / optician can do in the company and to offer contacts for theses, internships or job opportunities in direct confrontation with the protagonists.

Why participate:

- To listen to the direct testimonies of physicists / astronomers / materials scientists working in industrial R&D
- To get to know industrial R&D protagonists
- To understand industrial needs
- To approach the non-academic post-graduate world with a thesis experience
- To seize any job opportunities

The companies:

- Pietro Fiorentini SpA (Arcugnano, VI)
- Unox SpA (Padova)
- Officina Stellare SpA (Sarcedo, VI)
- Hyper Meteo srl (Due Carrare, PD)
- Marelli Automotive Lighting Italy SpA (Tolmezzo, UD)
- CAEN SpA (Viareggio, LU)
- Piratech (Padova)
- SIT Group (Padova)

20 minutes per company

3 topics

- **Company description**
- **Duties & career potential**
- **R&D issues**

At the end of the company presentations, space will be left for students for questions and subsequent individual meetings. If you are interested in applying for employment, it is suggested that you submit your curriculum vitae.
