RESEARCH GRANTS AND PROGRAMMES: WHAT THE EU HAS TO OFFER FOR YOUNG RESEARCHERS

SABINE HEMMER
SERVIZIO FONDI ESTERNI, INFN PADOVA

The seminar will provide an overview on European funding schemes for young researchers. In particular, the Marie-Sklodowska Curie Actions (MSCA) and the grants offered by the European Research Council (ERC) will be discussed, with a focus on the funding opportunities for individual proposals by researchers during the first stages of their career. A short summary on national and local funding opportunities will conclude the seminar.
